

# Gérald Estadieu

E-business & IT Project Manager

## Profile

Project manager specialized in web technologies for more than 10 years and team leader in marketing development. I am now seeking for new opportunities and challenges in an international environment.

## Experience

### **E-business Program Manager, [CEM Macao \(SUEZ Group\)](#); 2001-2007**

- » Propose a strategy and lead a multi-utilities e-business platform (water and electricity).
- » Develop a Customer and Invoicing system for East-Timor Electric company, EDTL, including training and support.
- » Open source geospatial solutions consultant for several SUEZ Group subsidiaries (Morocco, Indonesia, China).

### **Project Manager, [CTM Macao \(Cable & Wireless\)](#); 1999-2001**

- » Setup and manage the web unit team, including recruiting, training and web development.
- » Develop a company wide strategy for online presence and implementation overview.

### **Web Developer & Teacher, [ISTL, Ichtus & Sokari](#); Paris & Lyon - 1998-1999**

- » Part-time work as web developer and webmaster for my own co-founded company (Ichtus Communication) as well as for another startup, Sokari.
- » Teacher and students coaching for a "Computer and Networking" Bachelor degree in the Institut Supérieur de Technologie de Lyon.

### **Web Developer, [Generale des Eaux \(Vivendi Group\)](#); Paris - 1996-1997**

- » Webmaster for the first european Internet cable service provider, Teleriviera.

### **Researcher Assistant, France and USA - 1995**

- » Software development for a scientific satellite experiment to study storms non-linear phenomenon with a neuronal network approach, French National Research Center, Orléans.
- » Computer simulation of the human blood flow mathematical model during cardiopulmonary resuscitation, Datascope Corp. and University of Rhode Island, USA.
